Dear Mr. Villela,

It is with great excitement that I am applying for the Middle School Music Teacher position with The Equity Project Charter School as posted on your website. Throughout my job search and based on what I've read about your organization in the press, I believe I am the perfect candidate for this open position. The importance placed on artistic discipline and competency in students of all ages is a value I am highly enthusiastic about.

I have over 20 years of vocal and piano training, and am currently working to complete a bachelor's degree at Berklee College of Music Online. In addition to my musical pursuits, I have experience both working with and specifically teaching music to children of all ages. My dedication to creating an inclusive environment that is focused on the social-emotional well-being of all students will enhance your establishment in it's high esteem.

Thank you for your time and consideration. I will reach out again in two weeks to set up an interview.

Sincerely,
